

Take It Back

Ne-yo

Maybe it wasn't right girl
Want me to leave in the mornin
And stay away through the night girl
And not even think of callin you
Difficult to admit girl
When Im wrong admit will cry
But if it means stayin by our side
I won't hesitate to apologize girl..
Stupid mistakes
Im gonna make them
Its gonna take a lil time to get it right umm...
I have a habit of actin
Before i think up what could possibly happen girl
But, but the tears in your eyes yea..
Telling me I really messed up this time
I wanna make it good
Baby, If I could
I absolutely would just..
Take it back
Take it back
Umm..
Anything that made you cry
Baby girl if I could
Take it Back
Take it Back
Said, I make sure you never hurt again
Umm.. If I could
Take it Back
Take it back hrr
Baby I would guarantee
You would never be
Force to hear me say Im sorry again
If I could take it back girl
Maybe I wasn't right girl
To tell ya that I was somewhere
That I wasnt at the other night girl
I could of kept it real
But it was
Easier to tell a lie girl

If I could do it all again (do it all again)
That was the way it would of been (way it would of been)

Ohhno

Stupid mistakes

Im gonna make them

Its gonna take a lil time to get it right hey...

I have a habit of actin

Before i think up what could possibly happen girl

But, but the tears in your eyes yea..

Telling me I really messed up this time

I wanna make it good

Baby, If I could

I absolutely would just..

Take it back

Take it back

oh..

Anything that made you cry

Baby girl if I could

Take it Back

Take it Back

Ill make sure you never hurt again

Umm.. If I could

Take it Back

Take it back hrr

Baby I would guarantee

You would never be

Force to hear me say Im sorry again

If I could take it back girl

Stupid mistakes

Im gonna make them

Its gonna take a lil time to get it right hey...

Be patient, with me girl

Ill give ya everythin you need girl

Stupid mistakes

Im gonna make them

Its gonna take a lil time to get it right oh...

Never meant to make you cry

If I could, baby I would

Take it Back

Take it Back

(Take it back)

Anything that made you cry

Baby girl if I could

Take it Back

Take it back
Ill make sure you never hurt again
Sure you never hurt again
Take it Back
Take it back
Baby I would guarantee
You would never be (Never be baby)
Force to hear me say Im sorry again
If I could take it back girl
Take it Back
Take it back
Anything that made you cry
Baby girl if I could
Take it Back
Take it back
Said Ill make sure you never hurt again
If I could
Take it Back
Take it back
Baby I would guarantee
You would never be
Force to hear me say Im sorry again
If I could take it back girl
