

# Deep Blues

## Red Foley

deep blues  
have fallen around me  
deep blues  
have shackled and bound me  
bad news  
forever will hound me  
as long as I'm blue  
oh what'll I do?

She's gone and I'm sold down the river  
she hates, hates the love that i give her  
I know - she'll haunt me forever  
deep in the blues  
deep blue

deep blue  
ain't nothin' but sorrow  
can't lose  
this trouble I borrow  
just blues  
today and tomorrow  
oh where did she go?  
it worries me so

this heart inside of me cries out  
it knows, knows I'm crying my eyes out  
love's flame  
just flickers and dies out  
deep in the blues  
deep blues
