

You've Done Lost Your Good Thing Now

B.B. King

Oh, baby you done lost your good thing now
Oh, baby, baby you done lost your good thing now
Way I used to love you baby
Baby thats the way I hate you now You used to say that you loved me
And you would do anything I said
You used to say that you loved me baby
And you would do anything I said But the way you treat me now baby
Baby, I would much rather be dead
You said at once that you love me
Honey, but now I believe you've changed your life Oh you said that you love me baby
But now I believe you've changed your mind
But, but I dont blame you baby
Because you ain't what you used to be Oh but let me, but let me love you one more time baby
Let me love you one more time anyway
Oh baby, let me love you one more time anyway
Oh you know you cant quit me now baby
Because you didn't mean me no good anyway Yeah baby, baby you done lost your good thing now
Oh baby, you done lost your good thing now
Yeah I say the way I used to, the way I used to love you baby
Baby thats the way I hate you now
