Smiling Face

M2m

Sitting on the bus, looking through the window
And I close my eyes, I see the shade of your smiling face
Your smiling face, when you walk in through the door
Smiling face, like I've never seen before
Standing in the rain, nearly washed the day away
Then I think of you, I know the sight of your smiling face
Your smiling face and it's always here with me
Smiling face, well I wonder could it be
I still know that I'm never gonna find you
But I do believe that you're standing right behind
Will I ever get the answer to my question?
Life will go on, on
Lying on my bed, staring at the ceiling
Then I close my eyes again
The only thing that's clear to me is your smiling face
Maybe I should wake again, smiling face, maybe I should let it end
I still know that I'm never gonna find you
But I do believe that you're standing right behind
Will I ever get the answer to my question?
Life will go on, on
I still know that I'm never gonna find you
But I do believe that you're standing right behind
Will I ever get the answer to my question?
Life will go on, on
The only thing that's clear to me is your smiling face, oh yeah
Never, never, never, never, never, never gonna find you
I'm never gonna find you, oh yeah
Never gonna find you, yeah, yeah
