The Addict

Experimental Products

Come on, I'm a junky for the quick fix
Addicted to the fast life tonight
Control me, consult me
I wanna get lost in the pleasures of my flesh
Like a sick boy tonight
Control me, consult me
Will I make it through this treacherous situation?
Am I living my life surrounded by temptation?
I'm addicted, I'm giving into you
I'm addicted, I need another hit of you
Come on
I've got a pocket full of pills
And I'm looking for a cheap thrill tonight

Control me, consult me
I've got a disaster on my hands
'Cause I'm living like a criminal tonight
Control me, consult me
Will I make it through this treacherous situation?
Am I living my life surrounded by temptation?
I'm addicted, I'm giving into you
I'm addicted, I need another hit of you
I'm giving into you
Giving into you
I keep giving into you
Giving into you
