Frozen Rapture

Cathedral

(music:Lehan, lyrics:Dorrian)
You gave to me
Affection I couldn't see
It felt like a rope
Tightening on me
Frozen rapture
Your warmth I couldn't trace
Echoed laughter
Bring sadness to my face
Hereinafter
Plagued by my own embrace
In my frailty
Your splendour did penetrate
Onto the cold
Floors of responsiveness
Frozen rapture
Your warmth I couldn't trace
Echoed laughter
Bring sadness to my face
Plagued by my own embrace
Buried within walls
Of ex-communication
Torchlight never shines
Upon my isolation
