

# Frozen Rapture

## Cathedral

(music:Lehan, lyrics:Dorrian)

You gave to me  
Affection I couldn't see  
It felt like a rope  
Tightening on me  
Frozen rapture  
Your warmth I couldn't trace  
Echoed laughter  
Bring sadness to my face  
Hereinafter  
Plagued by my own embrace  
In my frailty  
Your splendour did penetrate  
Onto the cold  
Floors of responsiveness  
Frozen rapture  
Your warmth I couldn't trace  
Echoed laughter  
Bring sadness to my face  
Plagued by my own embrace  
Buried within walls  
Of ex-communication  
Torchlight never shines  
Upon my isolation
