# Fly

## Madison Avenue

Fly
Fly
Fly
Chilling at the club on a Friday night
Hangin' with my friends, feelin alright
DJ's playin' all my favorite tunes
The dance floor's lookin' really good
I'm gonna go and get my girls
You know we do it right, hey yeah
Set your spirit free
Let it take you up
The best you can be, fly
Set your spirit free
Reach out for the stars
Come and fly with me baby, fly
The sun is high and hot
We're looking sweet and looking fine
Cruising down the Boulevard
With me and mine
Radio is pumping oh yeah turn it up
Now get ready here comes my favorite song
It makes you wanna

Set your spirit free
Let it take you up
The best you can be, fly
Set your spirit free
Reach out for the stars
Come and fly with me baby, fly
Fly
Fly
Fly
Fly
Set your spirit free
Let it take you up
The best you can be, fly
Set your spirit free
Reach out for the stars
Come and fly with me baby, fly

Set your spirit free
Let it take you up
The best you can be, fly
Set your spirit free
Reach out for the stars
Come and fly with me, fly
