Now

NoMeansNo

Now if I had the courage
I'd pour in your jar
All the things that I have heard you whisper in the dark
And when that jar was heavy
Whith your honey confidence
I'd put it to my lips and drink its meaning and its senseIt has non end so let's pretend it's
Now
Let's get started
Now
Let's get started
NOWNothing could be plainer
Than the things that have been done
And there can be no mystery in what is yet to come
It's now that howls at nothing
It's now that runs and hides
It's now that winds its spineless coils and slitters out of sight
Your cries above the furrow
Draw my fingers like a plow
Through tattered ends that twist and bend about the Here and Now
The Here is blind and helpless
And strives against the dark
The Now's a well of shadows where the world has come apartIt has non end so let's pretend it's
Now
Let's get started
Now
Let's get started
NOWThere is precious little
That escapes the powers that be
The eyes that judge, the words that form our meager histories
But when your flood surrounds me
When the waters burst and come
Who knows the things that I have felt, who knows what I have done
And if I had the courage
I'd pur into your jar
Allt the things I have heard you whisper in the dark
And when the jar wwas heavy
With your honeyed confidence
I'd put it to my lips and drink its meaning and its senseIt has no end so let's pretend it's
Now

Let's get started
Now
Let's get started
NOW
