Lies

ë¹ ë± (Big Bang)

(yeah) love is pain
Dedicated to all my broken-hearted people
One's old a flame... just scream my name
And I'm so sick of love songs (yeah)
I hate them damn love songs... moment of oursWhen the late night came and the rain just poured down
I brought you back into my mind and now I could only try to let you go
told myself that I'd be fine just even though
liquor couldn't fill up my heart
the more that I drank, the less I forgot
I lost, my heart to you and it's not worth it
I'm better without you and I'm not being honestI can live no longer without you in my life
I can't find a way to smile
I just can't shed my tears right now
Can't do this
I admit it
I'm crazy over the thought we separated
Can't believe it
brings me pain with
the thought that I'm the only thing you left hereI'm so sorry but I love you, I just can't lie
Oh I was so wrong, I can't live without you
(Please listen to me!)
I'm so sorry but I love you now I realize
Should've never let you go away - cuz now my life don't seem right
I'm so sorry but I love you, I just can't lie
I'm so sorry (sorry) but I love you (I love you more and more)
I'm so sorry but I love you now I see my...
thinkin' was all a big mistake, it makes me cry to this dayI dedi-dedicated all of my all in this song just for you
(the reason why I make my music)
write it write out all my words that's becoming-coming old soon
all the lies that I keep reminding myself of
how I never meant to hurt you
but the truth it was me who got you into this
nightmare and now I'm paying off my fares
I'm left a loner who's not clear of what to do
I'm used to dialing you number on my phone
but I'm ma have to change that
I'm ma have to laugh off my pastI'm so sorry but I love you, I just can't lie
Oh I was so wrong, I can't live without you
(Please listen to me!)

I'm so sorry but I love you now I realize
Should've never let you go away - cuz now my life don't seem right
I'm so sorry but I love you, I just can't lie
I'm so sorry (sorry) but I love you (I love you more and more)
I'm so sorry but I love you now I see my...
thinkin' was all a big mistake, it makes me cry to this dayTell me it's all in my head
I try with every single beat of my heart, drop that babe
No matter what my mind recalls
I see your face 'n I know, that you will always be there
Just wanna know how ya doin' these days
Didn't mean, to cause you any pain
I'm so deeply sorryI'm so sorry but I love you, I just can't lie
Oh I was so wrong, I can't live without you
(Please listen to me!)
I'm so sorry but I love you now I realize
Should've never let you go away - cuz now my life don't seem right
I'm so sorry but I love you, I just can't lie
I'm so sorry (sorry) but I love you (I love you more and more)
I'm so sorry but I love you now I see my...
thinkin' was all a big mistake, it makes me cry to this day
