All We Have

Down to Earth Approach

Nod your head
Pull your hair
And live everything
March in time
Beat your drum
And lose everything
Love what you lost, feel it
'Cause this is feeling
Live your life
(Open your eyes and) Move on
Live your life
(Bring hearts back together and) Go on
Live your life
(Open your eyes and) Run
We're stuck in time
Where we could be anyone
Move back and forth, and in time
We will be everyone
I love what I've got, I mean it
'Cause this is feeling
