

Cute Boy

Lumidee

Oh, baby, how I wish that I could be your star
If I can have one wish
Then it will be for this
That I could be your star
I can see right through
You're a little playa like the rest, it's true
Only difference here is that I'm feelin' you
Why you want to fight it? What am I to do?
Present yourself with so much style
Full of confidence, oh yes, you drove me wild
Reckon, oh ya, wrecked it when you came my way
I stumbled on my words, I didn't know what to say
I wish that I could be your girl
(Be your girl)
She must be a lucky girl
(Lucky girl)
Cute boy, don't you have a girl? Let me know
(Cute boy)
I wish that I could be your girl
(Be your girl)
She must be a lucky girl
(Lucky girl)
Cute boy, don't you have a girl? Let me know
(Cute boy)
Said I'll wait on you
Boy, I'm buggin', I want you to make the move
I've never been the one to really stress a dude
Forgive me 'coz this feelin' here is so brand new
It's written all over your face
You know you got me feelin' this whole crazy way
I'm trippin', yeah, I'm trippin' but I'll be okay
If I could find the nerve to hurry up and say
I wish that I could be your girl
(Be your girl)
She must be a lucky girl
(Lucky girl)
Cute boy, don't you have a girl? Let me know
(Cute boy)
I wish that I could be your girl

(Be your girl)
She must be a lucky girl
(Lucky girl)
Cute boy, don't you have a girl? Let me know
(Cute boy)
I see you comin' through, boy, lookin' like a rude boy
Just the way I like it and that's the truth, boy
So I chill for a minute, sat back and observe
What kind of chicks you checkin' right before I step in
Do you like the thick ones or slim ones with curves?
I peeped your whole style, you don't watch them birds
So you gon' feel the girl that's no question
You know that I'm the one then there's no second guessin'
Oh, baby, how I wish that I could be your star
If I can have one wish
Then it will be for this
That I could be your star
Oh, baby, how I wish that I could be your star
If I can have one wish
Then it will be for this
That I could be your star
I wish that I could be your girl
(Be your girl)
She must be a lucky girl
(Lucky girl)
Cute boy, don't you have a girl? Let me know
(Cute boy)
I wish that I could be your girl
(Be your girl)
She must be a lucky girl
(Lucky girl)
Cute boy, don't you have a girl? Let me know
(Cute boy)
Could you just be that? Could you just be?
Could you just be? Could you just be everything that I need?
Could you just be that? Could you just be?
Could you just be? Could you just be everything that I need?
