

Women On the Edge of Love

Pat Travers

Up in the morning with a hungry heart
Dynamite waiting for a spark
Stray cat scratchin' on the boulevard
Shadows dancing in the light of a falling star
Women on the edge of love
Gonna break another heart tonight
Women on the edge of love
Women on the edge
Tight blue jeans staying up all night
Hearts on fire under neon lights
Won't stop playing when the gang gets rough
She's a rock 'n' roll dream and she just can't get enough
Women on the edge of love
Gonna break another heart tonight
Women on the edge of love
Can't resist another bite
Women on the edge of love
Young girl out on her own
Angry heart on fire, desire to burn
She's a young girl out on her own
Angry heart on fire, desire to burn
Women on the edge of love
Gonna break another heart tonight
Women on the edge of love
Ooh, can't resist another bite
Women on the edge of love
Gonna break another heart tonight
Women on the edge of love
Just can't resist another bite
Women on the edge, on the edge of love
