

You Are The Reason (featuring Mehnaz)

Air Supply

(Graham Russell)Here's on the street

A tear in the seam

Of pleasure and pain

Life carries on

A cloak of deceit

Brings honour to shame

But the voice I used to know

(Where are you now?)

Is the one I can't let goChorus:

You are the reason

My faith in tomorrow

A Distant horizon

The one I must follow

You are the first, You are the lastI'll help you to see

The light in the dark

The sun through the rain

Until you are free

And facing the truth

That words can't explain

But the truth I think you know(Tell me)

I could never let you goChorusyou are the future from the past

You are the spell that has been castYou are the reason

My faith in tomorrow

A distant horizon

The one I must followChorusYou are the first

You are the last to me

Oom hm.....You are to me...You are
