Beautiful Thing

Dakona

Everybody sings the blues sometimes
Everybody gets the bends
Everybody takes a knife sometimes
In the back from one of your friendsEverybody builds the walls up high
Everybody guards their soul
Everybody needs to feel safe inside
Even if it makes you aloneChorus:
And your love is a beautiful thing
And your trust is a beautiful thingEverybody sings the blues sometimes
Everybody gets the bends
Everybody takes a knife sometimes
In the back from one of your friends
Everybody builds the walls up high
Everybody guards their soul
Everybody needs to feel safe inside
Even if it makes you aloneChorusAnd underneath the glare upon the surface
I can see you rise
And I know that coming up for air keeps you aliveChorus
