that way I gets yo skrilla, plus I get to fuck,
'cause we. *(Chorus)* Pimps, playas, hustlas, ballas, shot callas, all of us.
T for tech out to get the scratch, it ain't easy, bitch believe me.
Pimps, playas, hustlas, ballas, shot callas, all of us.
T for tech out to get the scratch, it ain't nuthin nice, Dru Down, let
me hear ya. Verse 3 *(Dru Down) I'm steadily stackin up on the green

nigga I had it rough
an nigga it ain't no bluff
an potna I had my own mama sufferin, that's sumptin
yeah okay
I turned straight into a hustla
crap on bustas
skrilla fo reala from them suckas
I gave my mama half, me half, I'm out the door
ready to bubble
I turned into a balla, shot calla
two for twamp
with in a year I'm back on the spot
zippas in zipper, I'm ready to hit some fences, it's so wicked
bitch you jack rabbit call me Buggy
four-four up in the Paddy wagon, to break my niggaz love me
an I'll be sure the next time niggaz see me I'll be high
do or die, throwin up the 5, in the 5th lane right
side, I'm watchin the rearview juss for po-po's
I swerve to the curb, about 3 an you know that I straight broke that
hoe. Verse 4 *(Knumskull)* Fa sho. G-A fo checks
pimp bitches fo sex, might as well go all out an pimp the whole block
wit 4 techs
niggaz on this, on the move in many

plenty taken, playa hatin, Caddy's
that ain't my thang ruger
it's good to roll skril that's the best thang
my S-S-I check came, you gotta be a big mack to do some shit like that,
an issued this game
my buddies, who ever can better my Operation Stackola
smack, mack, the greenery an crackola
homies wanna be down rollin big stacks
you wanna make an effort towards paper, then bitch get crack
so sick wid it
that's why I shitted on raps fo luck
I'm like what ever it takes to make a buck
could never be stuck
I'm facin a life of brokeness already
fuck the pain, it juss make sense fo me to stay on my hustle and game
blame no nigga fo my down fall
but pimpin is the final frontier, I gets around y'all
we all.*(Chorus)*Pimps, playas, hustlas, ballas, shot callas, all of us.
