

Not Myself

John Mayer

Suppose I said
I am on my best behavior
there are times
I lose my worried mind

Would you want me when I'm not myself?
Wait it out while I am someone else?

Suppose I said
Colors change for no good reason
words will go
From poetry to prose

Would you want me when I'm not myself?
Wait it out while I am someone else?

And I, in time, will come around, come around
I always do for you

Suppose I said
You're my saving grace?

My grace
My self
Not myself, my myself and I,
When I'm someone else
When I'm someone else
When I'm someone else
When I'm not myself
Myself
Myself
