## Bettie Serveert

We know the cracks of life  
Weve been here before  
Every other day a point of viewYou look with weary eyes  
Oh no, a new surprise  
Dont act as if you didnt knowYou feel the need  
Feel the motions  
Hard on me  
And missed emotionsSo in other words  
How do you deal with all this hurt?  
You fail to see  
HypocrisiesYou feel the need  
Feel the motions  
Hard on me  
And missed emotionsSo in other words  
How do you deal with all this hurt?  
You fail to see  
HypocrisiesHow do you deal?  
How do you feel?  
You feel the need  
You feel in me  
So hail the free
