

# Want Remover

## Protomartyr

My friend flip  
Gave a gift to me:  
Oblong box  
Plastic made  
Mostly tin  
Cheap electronics  
Plug it in  
With blinking lights  
A hum within  
Want  
Remover  
Want  
Remover  
Those judges shows I used to like  
Continue on but I don't mind  
Actors playing both parts  
Judge Mathis would never stand for it  
My want remover  
My want remover  
And I'm free free free from want  
And I'm free free from fear  
Drain me out and I don't care  
Machine is working for me  
What I swallow and what I eat  
I pay no mind  
Who's elected throw them on a spear  
Device is almost full  
It's my want remover  
And I'm free free free from thought  
And I'm free free from action  
As it starts to leak  
I worry about the carpet
