

# It's Over

## Styles P

But it's okay, uh huh, yeah  
Niggaz talk shit about us but it's okay  
Game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay  
Niggaz talk shit about us but it's okay  
The game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay  
Checks get cut after the clearance  
What we dealin' with is hard work and perseverance  
Still send a nice ransom note to your parents  
I'ma ride this bitch 'til it needs some ball bearin's  
Tryin' to renovate the West wing of the mansion  
I ain't thinkin' recession, I'm thinkin' expansion  
I be in the malls, I don't be in the Hamptons  
And I'm playin' the wall but my chain is dancin'  
More than 200 on the dash, I'ma tear it  
You ain't gotta be nice to pass off appearance  
44 mag is the last thing you hearin'  
If the work don't make it that's a pass interference  
Shots of tequila, shops spendin' calm money at the jeweler  
Spendin' house money at the dealer  
Double bag the piff 'cause the sour need a sealer  
You wanna see a real nigga I just look into the mirror  
Niggaz talk shit about us but it's okay  
Game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay  
Niggaz talk shit about us but it's okay  
The game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay  
We about dough, never without dough  
Movin' with work outta state in and out flow  
Real lyrical, intro to outro  
Ralph Lauren table, Ralph Lauren couch, yo  
Ralph Lauren everything I fit up in the house though  
Whattup to them Polo boys

Who knew Tony couldn't have been Manolo's boy  
Yeah, Cartier frames, clear lens though  
8 series Beemer, 7 series Benzo  
Mobster I'll probably go to hell if my friends go, uh  
Never shoot in a blind fury, never  
Diamonds like Sprite, it's lemon and lime jewelry  
Niggaz talk shit about us but it's okay  
Game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay  
Niggaz talk shit about us but it's okay  
The game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay  
Wreck with the connect, it's okay  
Hope you brought somebody to test it, it's okay  
Lookout on the look-out said it's okay  
We gon' have the fiends singin' like Michel'le  
Bangin' hard like them niggaz out in East L.A.  
Little weed from the Bay and the pink all day  
Still dope money in the gray mink all day  
Just do it while I sit around and think all day  
Niggaz talk shit about us but it's okay  
Game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay  
Niggaz talk shit about us but it's okay  
The game ain't shit without us but it's okay  
You know you can't live without us but it's okay  
But go ahead, you can doubt us 'cause it's okay
