

Mr. Workabee

Priscilla Renea

Hey Mr. Worker bee I see you working
But often forget that you got a queen at home.
She sits on her throne but she feels so alone
And the buzz around town is you creep
Around so what are you working on?

There aint that many flowers in the garden,
So what takes you from dusk till dawn?
I hate to be all in your bees wax,
But i'm only looking at the facts.
And it won't be soon before long someone else is bringing honey home.
I wanna believe im not that naive but damn don't reality sting.

Hey Mr. Worker bee I see you working
But often forget that you got a queen at home.
She sits on her throne but she feels so alone
And the buzz around town is you creep
Around so what are you working on?

You say you feel like I don't appreciate you but,
I swear sweet darlin' yes I do.
I just wished that you aint work so late every single day,
Especially since worker bees don't pollinate till May.
And it won't be soon before long someone else is bringing honey home.
I wanna believe im not that naive but damn don't reality sting.

Hey Mr. Worker bee I see you working
But often forget that you got a queen at home.
She sits on her throne but she feels so alone
And the buzz around town is you creep
Around so what are you working on? X 3
