

# Nice Day

## Wizo

I woak up in the morning, by the ringing of the telephone.  
And everything she said to me was 'baby please come home'!

It took a while to realize that I was only dreaming  
'cause she died some days ago and nothing's like it seems  
Memories inside my head, the sun is shining bright  
seems like I loose the will to live, just wanna catch the light...  
It's a nice day to die today  
I close my eyes and I  
can feel you standing right beside me  
but when I open up my eyes there's nothing like it used to be  
I know the only way for me is going to the other  
side  
the place where evil turns to good, and darkness turns to light  
Memories....
