

She's All I Want For Christmas

Lloyd

 baby i had a talk with santa last night
 and i told him i only need a thing from him this year
 and i told him all i wanna be is by your side
 and santa i just need you to get her off my mind
 off my mindshe's all i want for christmas
 she's all i want for christmas
 she's all i want for christmas
 all that i want for christmas is that girl
 is that girl
 is that girl
 is that girlthey say christmas is the season to give
 but that's perfect
 because i got a lot i want to give
 been my torture
 slowly stock them up just like the snow
 i can't help it
i can't get enough of her i want some moreshe's all i want for christmas
 she's all i want for christmas
 she's all i want for christmas
 all that i want for christmas is that girl
 is that girl
 is that girl
 is that girlshe's all i want for christmas
 she's all i want for christmas
 she's all i want for christmas
 all that i want for christmas is that girl
 is that girl
 is that girl
 is that girlshe's all i want for christmas
 she's all i want for christmas
 she's all i want for christmas
 all that i want for christmas is that girl
