

# Homosapien

## Lavish

I'm the shy boy, you're the coy boy  
And you know we're Homosapien too  
I'm the cruiser, you're the loser  
Me and you sir, Homosapien too Homosuperior in my interior  
But from the skin out  
I'm Homosapien too  
And you're Homosapien too And I'm Homosapien like you  
And we're Homosapien too And I think of your eyes in the dark  
And I see the star  
And I look to the light  
And I might wonder right where you are All the Gods in the sky, way up high  
See the world spinning 'round  
But the sun and the moon  
And the stars are so far from the ground I'm the shy boy, you're the coy boy  
And you know we're Homosapien too  
I'm the cruiser, you're the loser  
Me and you sir, Homosapien too Homosuperior in my interior  
But from the skin out  
I'm Homosapien too  
And you're Homosapien too And I'm Homosapien like you  
And we're Homosapien too And the worlds built of age are a stage  
Where we act out our lives  
And the words in the script seem to fit  
'Cept we have some surprise I just want this to last  
Or my future is past and all gone  
And if this is the case  
Then I'll lose in life's race from now on Homosuperior in my interior  
But from the skin out  
I'm Homosapien too  
And you're Homosapien too And I'm Homosapien like you  
And we're Homosapien too And I just hope and pray  
That the day of our love is at hand  
You and I, me and you  
We will be one from two, understand? And the world is so wrong  
That I hope that we'll be strong enough  
For we are on our own  
And the only thing known is our love I don't wanna classify you  
Like an animal in the zoo  
But it seems good to me to know

That you're Homosapien too I'm the shy boy, you're the coy boy I don't wanna classify you

Like an animal in the zoo

But it seems good to me to know

That you're Homosapien too I don't wanna classify you

Like an animal in the zoo

But it seems good to me to know

That you're Homosapien too I don't wanna classify you

Like an animal in the zoo

But it seems good to me to know

That you're Homosapien too
