Cause I Can Do It Right

Big Daddy Kane

Advisory - the following lyrics contain explicit language:

Move over bacon theres somethin' meatier
A natural born lover with love to give free to ya
Meatier, so all you bacon lovers move over
'Cause Im so smooth they should call me BlackanovaIm not tryin' to say that Im number one
Im just a smooth operator that gets the job done
So, let me lick you from head to toe
Real slow'Cause ever since I was young I could keep girls sprung
Just by the movement of my tongue
I remember it all started way back
In mm. kindergartenSome played with Lego's, some played with play-doh
But I was feelin' girls like a ripe tomato
And now its 1990 and you can find me as I dunk
Lockin' up girls like I wantYes I got a harem but I dont share em
I collect em like podium and mm, you gotta see em
Because the ladies is all I dream of
And not even Anita baker can give sweeter love
You know why?'Cause I can do it right
'Cause I can do it right
'Cause I can do it right
'Cause I can do it right
Yes, I canStep up girls and get somethin' to treasure
And welcome to the smooth operators palace of pleasure
And if youre wonderin' if I want it
I got a kraftmatic with your name written on itI reminisce sayin' I take 'em eight to eighty
But I was just kiddin', no you have to be a lady
Even if youre too young, with the hypes body
I just dont go to a similar partySo all those of age, we can get intimate
Bumper to bumper, so you can get your fender bent
I treat girls just like pastry
Mm, tastyVery kinky when it comes to hanky panky
A well known player, but not for the Yankees
I wont say Im the baddest or portray that role

But Im up to top two and my fathers gettin' oldIm takin' love to a brand new height
And if lovin' girls is wrong I dont wanna be right
'Cause my man baby face said that its no crime
And of course Ill work Diana Ross overtime
You know why?'Cause I can do it right
'Cause I can do it right
'Cause I can do it right
'Cause I can do it right
Yes, I canIf I was on the movies Id frame roger rabbit
Play spike lee with Jessica because shes gotta have it
But Im not an actor, Im just a mack
That charms girls as I whisper sweet nothings to attract herAnd bring about that feelin' of passion
To have her on my body like modern day fashion
Layin' next to me, in pure ecstasy
Youre like a door and you know that sex the keySo send your man to the lost and found
Im bringin' somethin thats world renowned
In other words good lovin' thats major
I got girls in more areas than a sky pagerRunnin' around sayin', please me, please me, please me
Thats why I say it aint easy
But Ive been able to maintain my status
With ladies mackin' without ifs ands or maybesAnd other players just cant understand it
And couldnt keep they girls even if they were branded
I always end up with them on my shelf
I gotta jump back and kiss myself
You know why?'Cause I can do it right
'Cause I can do it right
'Cause I can do it right
'Cause I can do it right
Yes, I can
