

Raise a Voice (2006 Alternate Mix)

Crosby, Stills & Nash

We're all on our own
So look at us all, woah
How can we not raise
A voice against the madness There isn't the time
To wonder or wait
'Cause only the young
Can carry the weight
And face the silence Do we run? Do we stop?
Do we lie down? I think not
There's an answer that we've got
We are not helpless The vision will stand
As blindness will fall
Now we must look for the light
In the darkness Do we run? Do we stop?
Do we lie down? I think not
There's an answer that we've got
We are not helpless No no no
No no no
No no
