Calendar

JF Robitaille

Well I can hang the calendar
And you, you can cross out the days
Yeah we'll be safe here
Maybe forever

And I can be your king
You, you can be my queen
I can swear my heart
You can wear my ring

We'll say this isn't the end
It's just the light gone out
For a while and I'll believe you

I know the smoke
But when it clears - I'm lost
I'll need it
More than I'll need you
I need it more than I need you

Yeah I can hang the calendar
And you can cross out the days
Oh, we'll be safe here, maybe forever

And I can be your king
And you, you can be my queen
I can swear my heart
You can wear my ring

And we'll say this isn't the end
It's just the light gone out
For a while and I'll believe
I know the smoke but when it clears
I'm lost - I need it
more than I need you.

Oh, I need it more than I need you.
