I Had a Dream

Catman Cohen

A great man had a dream
Ending in a murder scene
And I'm not such a man
Never been so brave or grandBut little one
I had a dream
About a nation that became...A dazzling sky
The heroes of youthA burning ache
Resurrecting TruthMy dreamy one
I had a dream
About a nation that became...A guiding hand
Wipes the greed awayA whistle blown
Digs corruption's graveMy dreamy one
I had a dream
About a nation that became...A jasmine wind
Turns the air so sweetA cleansing spring
Washes stained elitesOh, little one
I had a dream
About a nation that became...A brilliant star
'Bove a poor man's houseA treasure chest
Let the magic outMy dreamy one
I had a dream
Oh, dreamy one, Oh, dreamy one
I had a dream...This shadow of a man
Had a dream he can't forget
A shadow with a dream
A nation changed, a nation blessedAnd let us sing...Lux et Veritas... Victoria
Let's make our dreams come trueLux et Veritas... Victoria
And the dream begins with youMy dreamy one
I had a dreamA nation changed
A nation blessed
