

Sway love

Zai Baba

You have been caught in a present tense
You have been abducted by that common sense I wasn't alienated by your love
I didn't figure it all from above But I'm coming here
I'm coming here
I'm coming here Sway low baby
Call me up and save me
I've been thinking of ways to get us there babe Sway love baby
Won't you come and save me
I've been sinking and waiting you to save me now
'cause I just want you around...
You have been caught in a present tense
You've been abducted by that common sense I wasn't ready to give up on it all
I wasn't thinking when I said that I was But I'm coming here
I'm coming here
I'm coming here Sway low baby
Call me up and save me
I've been thinking of ways to get us there babe Sway love baby
Won't you come and save me
I've been sinking and waiting you to save me now
'cause I just want you around...
Now, 'cause I just want you around
Now, 'cause I just want you around
Now, 'cause I just want you around
Now.
