

# 5, 6, 3 (joe)

## Joe

Y'all ready  
Uh uh uh uh  
Yeah yeah yeah  
Hmm oh yeah, oh yeah yeah yeah  
Hmm hmm  
Smokin' with the homies  
That's all he do  
Always hangin' out  
Losing money playing see low  
Every night out at the Gogo  
He don't sleep around  
But it's in his plan  
Gotta be the man  
Never show you no respect  
He messed with all your friends  
I can love you endlessly, oh yeah  
I swear it's real it's privacy  
Here's my private code to get me  
You're man needs to be like me  
Sexin' you instead of watching TV  
The trips around the world  
The diamonds and the pearls  
He needs to be more like a five, six, three  
You're man needs to do it like Joe  
Exotic cruises to Mexico  
The five star suite  
The sex out on the beach  
When you're with me a genuine five, six, three  
Has a man ever sex you down on a Cashmere rug?  
I'm a super, duper thug  
So exotic, so erotic  
Velvet back rubs in the bathtub  
Let's make love underneath the waterfall  
Your dove's cry will fill the sky  
I will come each time you call  
I can love you endlessly, yeah yeah  
I swear it's real, it's privacy  
Here's my private code to get to me  
You're man needs to be like me

Sexin' you instead of watching TV  
The trips around the world  
The diamonds and the pearls  
He needs to be more like a five, six, three  
You're man needs to do it like Joe  
Exotic cruises to Mexico  
The five star suite  
The sex out on the bitch  
When you're with me a genuine five, six, three  
Break it down, break it down  
Break it down, break it down  
Uh, uh y'all like that, uh  
Te quiero, te quiero  
Te quiero, te quiero  
Te quiero, te quiero  
You're man needs to be like me, like me  
Sexin' you instead of watching TV  
The trips around the world  
The diamonds and the pearls  
He needs to be more like a five, six, three, c'mon  
You're man needs to do it like Joe  
Need to do baby  
Exotic cruises to Mexico  
The five star suite  
The sex out on the beach  
When you're with me a genuine five, six, three  
Somebody needs to tell me  
You're man needs to be like me  
Oh, tell them be there  
Sexin' you instead of watching TV  
Oh ain't that right  
The trips around the world  
The diamonds and the pearls  
Needs to be more like a five, six, three  
Needs to do it  
You're man needs to do it like Joe, oh baby  
Exotic cruises to Mexico, Mexico baby  
The five star suite  
The sex out on the beach  
When you're with me a genuine five, six, three  
You're man needs to be like me, like me  
Oh, instead of watching TV  
You're man needs to do it like Joe
