

New Love

Backstreet Boys

[Intro]

Oh yeah

Oh, oh, oh yeah

Oh, oh, oh, oh yeah[Verse 1]

Who are you, the sex police?

My sex ain't got no rules

Got a million options next to me, yeah

Let me do what I do[Pre-Chorus]

And I call it new love, new love, new love

And I call it new love, new love, new love

And I call it new love, new love, new love

Ne-e-e-ew love

[Chorus]

Don't say it's the wrong thing

'Cause it don't feel like the wrong thing (Oh yeah)

I stay on my own thing

That night bein' a long thing[Post-Chorus]

And I call it new love

Oh, oh, oh yeah

Oh, oh, oh, oh yeah

Oh, oh, oh yeah

Oh, oh, oh, oh yeah[Verse 2]

I want all of you all over me (Ah, ah)

In any dark room, ooh, ooh

And I don't wanna know your name (No)

Just let me do what I do, ooh yeah, baby (Oh)

[Pre-Chorus]

And I call it new love (New love), new love (New love), new love

And I call it new love (New love), new love (New love), new love (New love)

And I call it new love (New love), new love (New love), new love (New love)

Ne-e-e-ew love[Chorus]

Don't say it's the wrong thing (Don't say it's the wrong thing)

'Cause it don't feel like the wrong thing (Don't feel like the wrong thing, oh yeah)

I stay on my own thing (I stay on my own thing)

That night bein' a long thing (Ah, ah, ah)[Bridge]

It's only love, it ain't official

No expectations, only here and now

Baby, we're in this thing together

You and I don't feel like the wrong thing, yeah (Oh yeah)[Chorus]

Don't say it's the wrong thing (Don't say it's the wrong thing)
(Oh, oh, oh yeah)
'Cause it don't feel like the wrong thing (Don't feel like the wrong thing)
(Oh, oh, oh, oh yeah)
I stay on my own thing (I stay on my own thing)
(Oh, oh, oh yeah)
That night bein' a long thing, yeah (At night, bein' the long)
(Give it up now, oh, oh, oh, oh yeah)[Post-Chorus]
And I call it new love, new love, new love (New love)
(Oh, oh, oh yeah)
And I call it new love, new love, new love (New love)
(Oh, oh, oh, oh yeah)
And I call it new love, new love, new love (New love)
(Oh, oh, oh yeah)
'Cause it don't feel like the wrong thing
(Oh, oh, oh, oh yeah)
