Sundial

Hey pretty stranger. I think you look cute. Can I get your number? I wanna know you. Tell me your secrets. Tell me your fears. Nobody will notice. Let's get out of here.

Hey girl don't catch me lookin'
Oh boy I caught you starin'
What do you think of me?
Do you think of me?
You got that new style
You wear that perfect smile
I'll take you on a date
Are you free Saturday?

And Iiiii think I like you
I like you
I like you

And iiiiii hope you do too
You do too

I like you

Hey pretty stranger
I think you look cute
I don't think I've ever,
Met someone like you
People come and go but I'm here to stay
Just call my name
We'll be ok

Hey girl don't catch me lookin'
Oh boy I caught you starin
What do you think of me?
Do you think of me?
You got that new style
You wear that perfect smile
I'll take you on a date
Are you free Saturday?

And Iiiii think I like you
I like you

I like you

And iiiiii hope you do too
You do too
I like you

And Iiiii think I like you
I like you
I like you

And iiiiii hope you do too
You do too
I like you

And Iiiii think I like you
I like you
I like you

And iiiiii hope you do too
You do too
I like you
