# Best Friend

## S Club 7

Come on, come on, best friend
Oh, baby
Baby, you and me are best friend, oh yeah
A best friend
I remember when we were young
Playing pool, after school, keeping it cool
People say we were the troublesome two
I know the girls liked me and you
I can never forget the times you've covered my back
You helped me out and cut me some slack
There was nothing you'd never do
It was all about me and you
You're my brother, you're my sister
We'll stick together
No matter what, no matter what
(No matter what, no matter what)
Best friend, never gonna let you down
Best friend, always gonna be around
You know, whatever life put you through
I'll be there for you
We all need a best friend to understand
A best friend, to take your hand
You know whatever life puts you through
I'll be there for you
You remember the days
When we would kick back, lay back
We'd be chilling with the ladies
Those times were the greatest
So don't worry about a thing my friend
'Cause you can count on me, thick or thin
'Cause I'll be there right
Till the end, till the end
You're my brother, you're my sister
(You're my sister)
We'll stick together
No matter what, no matter what
(Together, together)
Best friend, never gonna let you down
Best friend, always gonna be around

You know, whatever life puts you through
I'll be there for you
We all need a best friend to understand
A best friend to take your hand
You know whatever life puts you through
I'll be there for you
Come on, come on, best friend
Come on, come on, best friend
Come on, come on, best friend
Come on, come on, best friend
You're my brother, you're my sister
We'll stick together
No matter what, no matter what
(No matter what, no matter what)
You're my brother, you're my sister
(You're my sister)
We'll stick together
No matter what, no matter what
(Together, together)
Best friend, never gonna let you down
Best friend, always gonna be around
You know, whatever life puts you through
I'll be there for you
We all need a best friend to understand
A best friend, to take your hand
You know whatever life puts you through
I'll be there for you
Best friend, never gonna let you down
Best friend, always gonna be around
You know, whatever life puts you through
I'll be there for you
We all need a best friend to understand
A best friend, to take your hand
You know whatever life puts you through
I'll be there for you
Best friend, everybody got a best friend
Best friend, best friends, best friends
You know, everybody got a best friend
We all need a best friend
Everybody got a best friend, best friend, best friend
(A best friend)
You know, everybody's got a best friend
(Best friend)
Everybody got a best friend, best friends, best friends
You know, everybody got a best friend

We all need a best friend
