

# Money To Be Made

## The Hoosiers

Put up your barricades  
There's money to be made  
Continue your charade  
Money to be made What you're asking for means the world to me  
You draw close as you whisper precisely  
Precisely Your safety is assured,  
Behind those eggshell walls  
Of yours  
You're safety is assured,  
Behind those eggshell walls  
Of yours Friends and family fly by on wings of faith  
Faithlessly I don't recognize a face  
Not a single face Take this sorry soul  
Made enough of a mess on my own  
On my own Put up your barricades  
There's money to be made
