

One Night in Heaven

The Outfield

I know you look real nice, little girl
I better not catch a surprise, little girl hey, yeah
Taking a chance on your love I know what's on your mind, little girl
You better got nothing to hide, little girl hey, yeah
I'm taking a chance on your love And if it's over and done
I know I spent one night in heaven Stimulate my mind, little girl
Talk ain't gonna be cheap tonight, hey, yeah
Taking a chance on you love You've always done me right, little girl
A pack and lies between the sheets tonight
Taking a chance on your love And if it's over and done
I know I spent last night in heaven Somebody's daughter, dangerous game
I'm just a late night caller She just cost me more than all
The money in my pocket
But I don't regret a single coin I paid It hit me with her final touch
Never beat the moon so much
And everything I did she did again And if it's over and done
I know I spent one night in heaven
And if it's over and done
I know I spent last night in heaven
