

Saturday Night

Jo Dee Messina

Every week it comes round
With a feel like New Years Eve
Get dressed, de-stressed
Tonight I couldnt care less
Take a look at me So I put myself together
Paint my lips and lashes on
Cause I know theres someone out there
Wantin me to come along Its the night of the week
When my dreams hit the street
With boots and blue jeans on
Take a shot at romance
Do I stand a chance Will destiny be good to me
Its the thrill of the kiss
That on Monday Ill miss
When I look back and say Well, oh my Lord
You should have seen me Saturday
Saturday, oh, Saturday Night Marys got a Mustang
We all pile in
Downtown, top down
Rockin while we ride around
Let the night begin Im just searchin for a dreamer
Wholl steal my heart away
Strong and shy with I dare you eyes
And a smile who lights the way Its the night of the week
When my dreams hit the street
With boots and blue jeans on
Take a shot at romance
Do I stand a chance Will destiny be good to me
Its the thrill of the kiss
That on Monday Ill miss
When I look back and say Well, oh my Lord
You should have seen me Saturday
Saturday, oh, Saturday Night Five days out of seven slavin
I need one thats just for me Its the thrill of the kiss
That on Monday Ill miss
When I look back and say Well oh my Lord
You should have seen my Saturday
Oh, Saturday, Saturday, Saturday
Oh, Saturday night
