The Same Deep Water as Me

I Am Kloot

Swim out to the ocean
Drown your thoughts out at sea
And dip your hands in the water
Same deep water as meYou've been watching for cloudburst
You've been praying for rain
Drench your soul in the water
Cleanse your heart of the stain
Cleanse your heart of the stainThe river of love
Flows deep through the night
Rolls you in with the waves
Drags you out with the tidesSwim out to the ocean
Drown our thoughts out at sea
Dipped your hands in the water
The same deep water as me
Same deep water as me
