Cheekbones

James Tillman

Chorus

She's cheekbones and shade
But she brightens up my days
She's cheekbones and shade
But she brightens up my days

Verse 1

I'll never forget her, no
She was one of the first to ever love me
And I can't replace all the memories that i have of her
And though they are fleeting beats though
for they never lie further than the stars

Chorus (x2)

She's cheekbones and shade
But she brightens up my days
She's cheekbones and shade
But she brightens up my days

She's cheekbones and shade
But she brightens up my days
She's cheekbones and shade
But she brightens up my days

Verse 2

And sometimes she smiles
But not that often

Outro

Ohhhh (x9)
She's cheekbones and shade
