

Mimizan

Beirut

The lines are on board
It's quiet offshore
But the wind blowsThe children are here
But the women just stare
From the windowsSee the lawns outside
Groomed green lawns
Oh, how they glowAnd I spotted you there
With curlers in hair
On the telephoneAnd I longed for you
Yes, I long for you
Oh, I'll move for you
Yes, I'll move for youYears spent round on the foyer
As the maid sweeps dust
And leaves from the back doorMy heart could be yours
Within dreams we're free
But you'd always ask for moreSo I'll move for you
Yes, I'll, I'll move for you
Oh, I'll move for you
Oh, I'll move for you
