Mimizan

Beirut

The lines are on board It's quiet offshore But the wind blowsThe children are here But the women just stare From the windowsSee the lawns outside Groomed green lawns Oh, how they glowAnd I spotted you there With curlers in hair On the telephoneAnd I longed for you Yes, I long for you Oh, I'll move for you Yes, I'll move for youYears spent round on the foyer As the maid sweeps dust And leaves from the back doorMy heart could be yours Within dreams we're free But you'd always ask for moreSo I'll move for you Yes, I'll, I'll move for you Oh, I'll move for you Oh, I'll move for you
