

# Way You Move

## Slightly Stoopid

Dont need no reason to give,  
Dont need no reason or why  
Dont really care what you think  
Just live your life in the right  
And if you call it a game  
Look around and youll see  
A lot of people are hungry  
And there looking to eat  
Dont think about what you got  
Or what you cannot afford  
Before you roll to the store  
Just change the labels before  
You leave a check at the stand  
Knowing your screwing the man  
Because hed fucking with you

And now youve had itIs it something in the way you move,

Got me thinking that my minds abusing  
Is it something in the way you say,  
That we thinking this is living today.  
Or is it something in the way you move,  
Got me thinking that my minds abusing  
Is it something in the way you say,

That we thinking this is living today.Cause all the things that you be thinking out loud,

Dont necessarily matter if your running your mouth

Because you never really know who you be talking about

He could be crazy enough to pull a gun and be outDont think about the things that you know must be wrong,

And if youre moving along  
You must be feeling as strong  
And if you think about the things  
That you know must be right  
While your wowing and bowin

To get up while you get up in itGot me thinking that my minds abusing

Is it something in the way you say,  
That we thinking this is living today.  
Or is it something in the way you move,  
Got me thinking that my minds abusing  
Is it something in the way you say,  
That we thinking this is living today.
