

I Can't Reach Your Heart

[Agnetha Faltskog](#)

I can't reach your heart
You're near but yet so far
Am I reaching for a star
Am I aiming too high I can't reach your heart
Can it be that you don't care
I'm not getting anywhere
Though I try and I try I've told you so many times
I'm in love with you
Oh, what more, what more can I say
I wish I knew I can't reach your heart
We can't go on like this
Though your lips are mine to kiss
I can't reach your heart Though your lips are mine to kiss
I can't reach your heart
