

Time: The End

Megadeth

I see Chronos
His eyes are on fire
He holds my life
And I see my time expire Beat the clock, beat the clock
Beat the clock, beat the clock My head starts to spin, my head starts to spin
My head starts to spin, my head starts to spin
Tick, tock, Tick, tock, tick, tock, tick, tock
I can't let time win, I can't let time win
I can't let time win, I can't let time win
