Let's Be Kids

Howling Bells

Let's be kids again
Life was so simple then
Let's be kids again, againWe don't wanna know about this currency
We don't wanna know about this 9 till 5
Just a simple life, can you picture this, yeahWe don't wanna hear about your policies
We don't wanna live up to these expectations
A child like dream, yeah, you know what I mean, yeahLet's be kids again
Life was so simple then
Let's be kids again, againEveryone's gotta reason to be free
Everybody wants a lifetime just to be
A child like dream, yeah, you know what I mean, yeahLet's be kids again
Life was so simple then
Let's be kids again, againSomebody told me, don't ever look back
Just look to the future, well, I can do that
But just for a moment I wanna be free
To dream how I used to dream we could beLet's be kids again
Life was so simple then
Let's be kids again, againLet's be kids again
Life was so simple then
Let's be kids again, again
