

# Rain

## Tamela Mann

Love is tragic, love is fun  
Love is magic, love is a gun  
Love is quiet, love is mad  
Love is funny, love is sad, I confess

Its raining in my heart cause of you  
Since we've been apart  
I'm in solitude  
Its raining in my heart cause of you

Love is soothing or it hurts, so badly  
Love is faithful or it flirts, so madly  
Love is gentle or it thrills  
Love is trouble, love will kill, I confess
