Green Grass Vapors

Angie Stone

Now see you being cool too fast
I didn't say light that up that quick, shit
Vapors, here ya go, uhhGreen grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come onCreepin' on me late at night, hey
Sets me free just to hold it tight, ohh
Slender feel, I do love it so, uhh
Shapes the way, that my rhythm flowsGreen grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come onBloody red is, what my daddy said
When he looked at my eyes at night, yea
What we gon' do, you said go
'Cuz your eyes are as red as mine
Told my daddy, heyGreen grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Green grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come onCreepin' on me late at night, hey
Sets me free just to hold it tight, ohh
Slender feel, I do love it so, uhh
Shapes the way that my rhythm flowsGreen grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Green grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come onGreen grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Green grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors

Green grass vapors, come onGreen grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
