Circles

Shout Out Louds

Lately, Iâ€™ve been running in circles
Lately, Iâ€™ve been trying too hard
I havenâ€™t been home long enough
To get what I want
To get what I want

I keep it close, more than it crossed my mind
Just give me a lot more time

Lately, Iâ€™ve been leaving traces
Lately, Iâ€™ve been writing letters and lists
I havenâ€™t been home long enough
To get what I want
To get what I want
I keep it close, more than it crossed my mind
Iâ€™m waiting for that light to shine
I keep it close, more than it crossed my mind
Just give me a little more time

I took the long way home
Over the lake and into the woods
So watch me, watch me disappear
Between the trees, my mind is crystal clear
Just give me a little more time
Time

I took the long way home
Over the tracks and past his house
But where oh where would the lantern lead
I walk until it hits me
Just give me a little more time
