

Maybe

Stereophonics

Maybe one thing
Maybe something
Maybe nothing
All I know is, friend
It's nothing new Maybe it's me
What is to be
Maybe lucky
All I ask is where
We're supposed to be? I give a lot
I take a lot
It's nothing new to me Maybe you've grown
Am I so wrong?
How long's too long?
All I want is stuff
To be happy Maybe moving
Always proving
Am I losing all
That's meant to be
That's meant to be Hear a lot
You told a lot
It's nothing new to me Maybe laughing
Something lacking
Always sometimes
All I hear is how
It's meant to be Maybe learning
Always searching
Am I asking things
I'll know too soon
I'll know too soon We talk a lot
Don't do a lot
It's nothing new to me I give a lot
I take a lot
It's nothing new to me It's nothing new to me
It's nothing new to me
