

# I Live My Life For You

## Firehouse

You know you're everything to me and I could never see  
The two of us apart  
And you know I give myself to you and no matter what you do  
I promise you my heartI've built my world around you and I want you to know  
I need you like I've never needed anyone beforeI live my life for you  
I wanna be by your side in everything that you do  
And if there's only one thing you can believe is true  
I live my life for youI dedicate my life to you, you know that I would die for you  
But our love would last forever  
And I will always be with you and there is nothing we can't do  
As long as we're togetherI just can't live without you and I want you to know  
I need you like I've never needed anyone beforeI live my life for you  
I wanna be by your side in everything that you do  
And if there's only one thing you can believe is true  
I live my life for youOh, I've built my world around you and I want you to know  
I need you like I've never needed anyone beforeI live my life for you  
I wanna be by your side in everything that you do  
And if there's only one thing you can believe is true  
I live my life for you, oh yeah  
I live my life for you
