Your Fractured Life

Air Traffic

You enter your room
It's a lonely world
Laid out on the floorAnd you're rolling away
Through fractured life
Deep into the walls'Cause if it can't work out
What's right and fair
It's time to escapeAnd on the other side
There's an endless light
To brighten the wayTake my breathe
And my whole life too
Please don't let me downJust to come undone
If that were they
Just to lose what we foundYou've got the strength within
And don't give up there's so much more to see
So many things beyond your wildest dreams
They'll make you stop you if you just believeThe world is at your feet
This beach is wide and clean
They'll teach us wild and pride
We're gonna be aliveThe world is at your feet
This beach is wide and clean
They'll teach us wild and pride
You're gonna be alivePlease don't let me down
Please don't let me down
Please don't let me down
Please don't let me downPlease don't let me down
Please don't let me down
Please don't let me down
Please don't let me down
